Yassine Samari

Engineering student in networks, seeking a 2–3 month internship in networks and systems

Toulouse, France | samari.yassine@etu.inp-n7.fr | linkedin.com/in/yassine-samari | github.com/samariyassine2006-rgb

Education

ENSEEIHT, Toulouse INP 2025 – present
Engineering degree in Digital Sciences, Systems and Networks Architecture track (2nd year in 2026–2027).

Preparatory classes (CPGE), PSI 2023 – 2025
Physics and engineering sciences. Supervised personal research project (2024–2025): the Stirling engine thermodynamic cycle and the role of the regenerator.

Scientific baccalaureate 2022 – 2023
Physics-chemistry specialty, with highest honours.

Projects

Virtualized multi-site company network Autumn 2026
Pair project with Achraf Talhaoui

- Two sites linked through a simulated internet provider: eBGP routing (FRRouting) and an encrypted WireGuard tunnel between the sites.
- Separate client and server networks, DHCP, DNS, NAT and a default-deny nftables firewall.
- Deployed with Docker and Containerlab, then checked by 37 automated tests, including two failure scenarios.

Gravity Bot, a Java game Semester 6 · 2025–2026
Object Technology, core team

- A game where the player moves a satellite from a point A to a point B across obstacles.
- UML design, MVC architecture, maps loaded from text files, collision handling.
- Teamwork with GitHub Projects, user stories and sprint retrospectives.

Simplified internet service provider Semester 6 · 2025–2026
Individual project, Networks

- Addressing plan, static routing then RIP, customer boxes, web and DNS servers in DMZs, security rules (YANE).

Experience

Rentrée Discount Summer 2026 · 6 weeks
Summer job in a store

Skills

Programming: Python, C, Ada, Java, OCaml, VHDL, HTML/CSS

Networks and systems: Docker, Containerlab, FRRouting (eBGP, OSPF), WireGuard, nftables, DHCP/DNS, Nginx, shell scripts

Methods: Git and GitHub, UML, agile teamwork

Languages

Arabic (native) · French (fluent) · English (intermediate)

Interests

Football, badminton, table tennis, cooking, reading scientific books
